Education

ISLAMIA UNIVERSITY BAHAWALPUR

Final Semester (ADP 2 Years Program)

(Computer Science)

APTECH KARACHI (2022 to 2024)

ACCP prime 2.0 (2 years Career Program) Higher

Diploma in Software Engineering

TAREEN INSTITUTE LODHRAN

Mern Stack Developer

(oct 2024 to march 2025)

Experience

Front-End Developer – ABC Technologies July 2022 – July 2024 (Karachi)

Responsibilities & Achievements: Developed multiple

ReactJS projects: company website, CRUD app, weather app, video call app, and dashboards. Converted Figma designs into responsive, reusable React components. Integrated REST APIs & JSON data for dynamic UI

features (charts, forms, weather info, user management).

Built reusable components (Navbar, Footer, Cards, Forms) for faster development.

Utilized React Hooks, Context API, Redux (basic), Tailwind CSS, and modern JS (ES6+) for scalable front-end solutions.

Tech Stack: ReactJS, JavaScript (ES6+), HTML, CSS, Tailwind CSS, Redux (Basic), REST APIs, Git/GitHub Projects & GitHub Links

All projects in a single repository for easy access: <https://github.com/syeddilawarraza/react-portfolio>
Projects included:

Weather App (API integration) – Shows temperature, humidity, and forecast for cities.

CRUD Web App (User management) –

Add/Edit/Delete/Search users with smooth UI.

Video Call App (1-to-1 calls) – Basic controls (mute, end call) with responsive design.

Dashboard with Charts – Dynamic charts, stats, and cards for data visualization.

Company Website (ABC Technologies) – Contributed 1-2 pages with team collaboration.
