EXPERIENCE

Frontend Developer Intern
ABC Technologies — Karachi
July 2022 – December 2022

- Designed responsive static websites using HTML, CSS, and Bootstrap
- Converted designs into clean, user-friendly web pages
- Ensured cross-browser compatibility and responsive layouts
- Improved UI consistency, spacing, and overall user experience

React.js Developer Intern
ABC Technologies — Karachi
January 2023 – March 2023

- Built React components using hooks
- Integrated REST APIs and handled JSON data
- Practiced component reusability and basic state management

React.js Developer
ABC Technologies — Karachi
March 2023 – July 2024

- Developed and maintained production-level React.js applications
- Built CRUD dashboards and dynamic features using REST APIs
- Implemented reusable components and improved UI performance
- Collaborated on live projects and fixed UI/functional issues
- Ensured responsive, user-friendly interfaces across devices

Professional Summary

React.js Developer with hands-on experience in frontend development and MERN stack basics. Strong command of HTML, CSS, JavaScript, React.js, and responsive UI design. Experienced in building production-ready CRUD applications, dashboards, and API-based dynamic web apps. Passionate about writing reusable components and continuously improving full-stack skills.

Project

Live Projects:

<https://portfolio-psi-sable-98.vercel.app>
(<https://github.com/syeddilawarrazabukhari>)

Company Analytics Dashboard – Developed interactive charts and graphs for ABC Technologies to visualize data.

Other Projects (Not Live):

Chart Graph – Created dynamic charts to visualize data using ReactJS.

CRUD App – Built a full CRUD application with ReactJS for practice.

Weather App – Developed a weather forecast app fetching live API data.

Mini Websites – Built small websites: one on vinegar food, one on jeans, and one for a school project.

EDUCATION

ADP – Computer Science – Islamia
University Bahawalpur
Final Semester (2025)

ACCP Prime 2.0 – Higher Diploma in
Software Engineering – Aptech Karachi
July 2022 – July 2024

- Advanced training in HTML
- CSS, JavaScript, Bootstrap, Tailwind
- PHP, Laravel, SQL, Database
- .NET, Dart, Flutter, jQuery
- Figma, Canva, UI, UX
- API integration, CRUD applications
- Responsive design, project development
- Full-stack concepts, real-world projects

MERN Stack Developer Program –
Tareen Institute, Lodhran
Oct 2024 – March 2025

- Practical experience in React.js
- Node.js, Express, MongoDB
- Built real-world projects integrating
- APIs and dynamic data visualization

SKILLS

Frontend

HTML5, CSS3, JavaScript(ES6+)

React.js, Redux,, Context API

Bootstrap ,Tailwind CSS, TypeScript

Backend

Node.js, Express.js, MongoDB , Mysql

Tools

REST API , JSON

Git, GitHub

Tested REST APIs using Postman tools
integrated into React applications for
frontend

Figma to React conversion
